

Grace UMC Church Council Meeting 10-17-11

Attendees

Bill Swarens	Rex Barnes
Sharon Pardue	Pastor Brenda
Paul Storie	Donna Sisk

Pastor Brenda opened the meeting with prayer, and Bill followed with devotions.

Pastor Brenda reported on the confirmation class that it is going well. She asked if we could give Al some money for all the volunteer work he has been doing as admin assistant, since Susan left. Paul made a motion to give him \$500, Donna seconded it, all approved.

Pastor Brenda asked if we could get a report on the status of the building committee. Paul said we need to get with Chris Unruh, who is still waiting for figures. Paul will call Chris.

Paul talked about the status of the mold condition. PBM will start to work under the church on Tues, 10/18. They will soda blast the mold. On Wed. they will put 3 air scrubbers in the church and leave them in there until Sat. On Wed PBM will then level the ground under the church and spray with a mold killing agent. When that dries they will paint everything with a black Teflon type paint that nothing will stick to. Then they will lay a black material on the ground and up the wall over the concrete up to where the wood starts. The cost of all this is \$18,000. Pastor Brenda was able to get \$2,000 from the District.

Custom Design Company will then run the drain pipes and downspouts. They will then install a dehumidifier under the church. The total cost from Custom Design is \$2558.

Sept. secretary's report will be given at the Nov. meeting.

Treasurer's report was accepted as stated.

UMW - We will start collecting food for the Thanksgiving baskets this week.

PPR – New hire position is still moving forward. They are just waiting on the background check to come back.

Missions – The Disciple 3 class is looking to go on a mini-mission in the near future. They are still working on a date.

Minutes respectfully submitted by Donna Sisk
